

School Partnership Proposal

AI lessons, quizzes and coding for Forms 1–6 — aligned to the ZIMSEC curriculum, delivered online and built for Zimbabwean schools.

School name:	
Attention (Head of School):	
Prepared by:	Munashe Tech PBC, Gweru, Zimbabwe
Date:	
Valid for:	30 days from the date above

1. About the platform

The AI Learning Platform is an online learning workspace for Zimbabwean secondary schools. It gives your teachers a ZIMSEC-aligned AI lesson planner and gives your students ready-made lessons, quizzes and coding exercises for Forms 1–6, which they complete online at school or at home. Everything runs in the browser, on any device, and works on low-data connections.

2. What your school gets

- Built-in lessons for Forms 1–6 — six lessons per form in AI Literacy, Coding and Robotics, ready to teach on day one.
- AI lesson planner — teachers enter a form, subject and topic and get a full ZIMSEC-aligned lesson plan with objectives, activities and a five-question quiz.
- Online quizzes with saved scores — students answer online; their best score per lesson is kept automatically.
- Student accounts without email — each student signs in with a username and a 6-digit PIN created by your staff. You stay in control of every account.
- Completion certificates — students who pass a lesson quiz with 50% or more earn a printable certificate.
- Staff workspace — school admins and teachers see the student roster, lessons completed and average scores at a glance.
- Local support — help over WhatsApp at +263 71 569 9544, and all payments handled in USD through Zimbabwean channels.

3. Why schools choose it

- No new computers needed — works on the devices your school already has, including phones.
- Students can learn at school or from home; progress and scores follow them.
- Your school's data is visible only to your own staff — never to other schools.

4. Pricing

Item	Price	Notes
Free trial	USD 0	30 days, one class (one Form, up to 40 students)
Student seats	USD 2 / student / month	Unlimited forms; students never pay
Completion certificates	USD 10 per certificate	One per lesson, after a 50%+ quiz pass

Worked example: a school with 50 students buying 3 months of seats pays $50 \times \text{USD } 2 \times 3 = \text{USD } 300$. Certificates are optional and ordered separately.

5. How payment works

Send payment by EcoCash or bank transfer to the account below, then record the payment reference in the platform's Seats & billing page. We confirm the payment and your seats and certificates are unlocked the same day.

Bank	Ecobank Zimbabwe Limited — any branch (branch code 26000)
Account name	MUNASHE TECH PBC
USD account	5722100007391
ZWG account	5722100007392
SWIFT	ECOCZWHX
EcoCash	Merchant details available on request — WhatsApp +263 71 569 9544

6. Getting started

Step 1 Register your school

The head of school signs up at learnaizim.com/school-signup and picks the Form to use for the free 30-day trial.

Step 2 Add staff and students

Invite teachers by email, then add students — each one gets a username and 6-digit PIN created by your staff.

Step 3 Start the trial

For 30 days, one class teaches and learns for free. No payment details are needed to begin.

Step 4 Buy seats when ready

When the trial ends or you want more classes, pay for seats (USD 2/student/month) and record the reference in Seats & billing.

7. Agreement to proceed

By signing below, the school confirms it wishes to use the AI Learning Platform under the summary below. The full Terms of Service and Privacy Policy are available at learnaizim.com/terms and learnaizim.com/privacy.

- Student accounts are created and controlled by the school; parents hold no accounts.
- The school is responsible for sharing student PINs safely and for supervising student use.
- Student progress and scores are visible only to the student, the school's staff and platform administrators.
- Seats are billed at USD 2 per student per month, paid in advance by EcoCash or bank transfer.
- Completion certificates are optional, at USD 10 each, confirmed before they unlock.
- Either side may stop the service at the end of any paid month.
